DRY CLEANING MACHINE NYLON FILTERS

DISC FILTERS IN YOUR DRYCLEANING MACHINE

DO YOUR FILTERS LOOK LIKE THIS ?

WHEN WAS THE LAST TIME YOU OPENED YOUR NYLON DISC FILTERS OF YOUR DRYCLEANING MACHINE ?

5 or 10 YEARS or MAYBE NEVER ??

This was the condition of the nylon filters on a machine that was being used to clean whites & lights garments , UDS SERVICE TEAM OPENED.

SOMETIMES A HELPING HAND REALLYHELPS !!! CALL UDS !!!

TALK TO PARTS DEPT. ABOUT SIMPLE STEPS OF HOW TO SERVICE YOUR NYLON DISC FILTERS

GET YOUR MACHINE IN TIP TOP CONDITION & SAVE MONEY

IS YOUR AIR COMPRESSOR NOISY & DRIVING YOUR STAFF CRAZY ??

POWER SAVING

REDUCED NOISE

TALK TO US

Thanks to our variety of different models, you can find a compressor that's suited for whatever task you need done. The PULFORD range offers units of varying air capacity between 71-1100 CFM, while the ENCAP Series delivers quiet operation and different levels of performance. Avoid unnecessary energy consumption by finding a unit that's suited for the right job. UDS team can calculate the right size compressor to suit your store ,
