NYLON FILTERS

DISC FILTERS IN YOUR DRYCLEANING MACHINE

DO YOUR FILTERS LOOK LIKE THIS ?

WHEN WAS THE LAST TIME YOU OPENED YOUR NYLON DISC FILTERS OF YOUR DRYCLEANING MACHINE ?

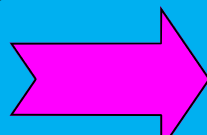

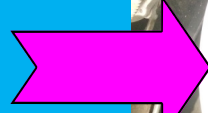

5 or 10 YEARS or MAYBE NEVER ??

This was the condition of the nylon filters on a machine that was being used to clean whites & lights garments , UDS SERVICE TEAM OPENED , CLEANED & QUICKLY REINSTALLED with little to NO interruptions !!!

TALK TO UDS ABOUT A FIXED PRICE TO FULLY

SERVICE YOUR NYLON DISC FILTERS * \$399 + GST

GET YOUR MACHINE IN TIP TOP CONDITION BEFORE THINGS PICK UP

* Offer based on standard 17-20kg machine for Labour charges only (parts not included IF required) SYDNEY METRO ONLY or TRAVEL TIME APPLIES

IS YOUR AIR COMPRESSOR NOISY & DRIVING YOUR STAFF CRAZY ??

POWER SAVING

REDUCED NOISE

TALK TO US

Thanks to our variety of different models, you can find a compressor that's suited for whatever task you need done. The PULFORD range offers units of varying air capacity between 71-1100 CFM, while the ENCAP Series delivers quiet operation and different levels of performance. Avoid unnecessary energy consumption by finding a unit that's suited for the right job. UDS team can calculate the right size compressor to suit your store ,
